12:13:16 From Jen Mellor : Psychology today I feel like is different because people pay to be on there to get clients. I think they check a lot of stuff because clients use the check boxes to filter when searching. So some therapists I think check things that they are like "yeah I'll see that" because they are playing with the search piece for client leads. When you go to their website it should hopefully have more specific specialties.

it was Our Daily Bread! It was so new to me and my parents trying to figure out what was going on. My parents were my biggest advocates.

13:10:17 From Kendra : "So I exhort the elders among you, as a fellow elder and a witness of the sufferings of Christ, as well as a partaker in the glory that is going to be revealed: shepherd the flock of God that is among you, exercising oversight, not under compulsion, but willingly, as God would have you;[b] not for shameful gain, but eagerly; not domineering over those in your charge, but being examples to the flock. And when the chief Shepherd appears, you will receive the unfading crown of glory. Likewise, you who are younger, be subject to the

elders. Clothe yourselves, all of you, with humility toward one another, for 'God opposes the proud but gives grace to the humble'" (1 Peter 1:1-5).

13:12:15 From Karyn Russo : Use the Library of Congress for free articles.
